ADDENDUM - DOJO

FINTOKEI PROVIDER PROGRAM

PROTRADER / PROTRADER SWING / STARTTRADER / SWIFTTRADER

Fintokei Dojo Scaling (Fintokei 道場スケーリング)

Terms and Conditions

1. This Addendum no. 2 (the **"Addendum"** or **"Addendum - Dojo"**) supplements and forms an integral part of the Fintokei Provider Program Terms and Conditions (the **"FPP"**).
2. This Addendum is supplementary to, and does **not** replace, **Addendum no. 1**, which remains valid and in full force and effect in accordance with its own terms. This Addendum introduces the continuation-based scaling mechanic referred to as the **"Fintokei Dojo Scaling"** or **"Dojo Scaling"** and governs its interaction with the current scaling mechanic.
3. The purpose of this Addendum is to introduce additional, territory- and currency-specific conditions applicable to certain Providers under the FPP, rewarding sustained, consistent and long-term trading activity rather than isolated bursts of profit.
4. Except as expressly modified by this Addendum, all provisions of the FPP, the General Terms and Conditions and Addendum no. 1 remain unchanged and in full force and effect. In the event of any inconsistency, the provisions of this Addendum shall prevail for its duration and solely to the extent of such inconsistency.
   Most operational and technical parameters, as well as specific rules, are further specified in the relevant FAQ sections.
5. **Territorial and product applicability:**
   This Addendum applies exclusively to Providers who:
   a) access or use the Fintokei Services from the territory of Japan (as country of residence) or who hold Japanese nationality (collectively, **"eligible Providers"**).
   b) The Dojo Scaling applies to the following programs: ProTrader, ProTrader Swing, ProTrader Slim and SwiftTrader Accounts (SwiftTrader 1.0 is excluded).
   c) The Dojo Scaling applies both to newly created accounts and to existing accounts already funded as at the effective date of this Addendum.
   d) The Company reserves the right to determine eligibility under this Addendum based on, nationality, territory of access, purchase history, operational considerations or regulatory requirements.

For the avoidance of doubt, this Addendum does not create a separate product, program or entitlement, and any rank, status or benefit arising under it is personal, non-transferable and confers no vested right.

6. **Effective date and duration:**
   a) This Addendum becomes effective on **3rd June 2026**.

b) Unless expressly prolonged, amended or terminated by the Company at its sole discretion, this Addendum applies for an indefinite period for so long as the eligible account remains active.

c) Upon expiry or termination of this Addendum, no vested rights, accrued claims or ongoing entitlements shall arise solely by virtue of this Addendum, and the Contract shall continue to be governed exclusively by the FPP and the General Terms and Conditions.

7. Dojo Scaling – qualification mechanic

The Dojo Scaling consists of five (5) ranks. Progression to each rank is subject to two cumulative conditions, **both** of which must be met. See detailed conditions and definitions in the FAQ.

a) **Active Trading Days** – the number of days on which the Provider executed at least one (1) closed trade on the eligible account (for the avoidance of doubt, profitability on such day is not required); and

b) **Payout count** – the number of Performance reward payouts duly requested and processed on the eligible account.

Upon meeting both conditions for a given rank, the Provider may request the corresponding scaling of the eligible account. The ranks, gates and capital effects are as follows:

Rank	Active Trading Days	Payouts	Starting capital change
白帯 / **White Belt -** Shirobi	20	2	Contract fee only
黄帯 / Yellow Belt - Kiobi	50	5	+30% of capital
緑帯 / Green Belt - doriobi	80	8	+50% of capital
茶帯 / **Brown Belt -** Chaobi	150	12	+100% of capital
黒帯 / Black Belt - Kurobi	250	24	+300% of capital

The indicative minimum times above are illustrative only and assume regular trading; they do not constitute a guarantee or entitlement. The exact qualifying activities, counting methodology and timing are further specified in the FAQ.

8. Contract fee terms:

a) Provider is entitled to Contract fee, in the amount of the initial fee for each of the successfully passed Challenges that it is directly related to (hereinafter as **"Contract fee"**). Reduction of such initial fee by discount codes, vouchers etc. fully apply. The Contract fee

will be paid to the Provider together under the conditions set herein and in the related FAQ, and only if the Provider does not breach any rules or objectives that would lead to termination of the Provider's Account until then.

b) The purpose of this one-time remuneration is for the Provider to cover its expenses associated with long-term integrating into the company's operational Framework. The remuneration is neither considered a bonus nor a gift, but constitutes a lump-sum payment, of the amount associated to related Program.

9. New Starting Balance and capital caps

Where a Provider qualifies for a rank, the new starting balance of the eligible account is defined in the FAQ

10. General

a) The Company may, at its sole discretion, introduce, modify, adjust, suspend or terminate the Dojo Scaling in whole or in part, with or without prior notice, including for operational, technical, regulatory, compliance, risk-management or business reasons, in accordance with the FPP and the General Terms and Conditions. No such action shall give rise to any claim, refund, compensation or other remedy.

b) Ranks, readings, certificates and any related recognition are of a reputational and motivational nature only; they do not represent monetary value, an asset, an entitlement or any consideration of economic value, and may not be assigned, monetized or claimed as a contractual, proprietary or legal right.

c) The detailed rules, parameters, qualifying-activity definitions, counting methodology, request procedure, currency and plan-specific limits and any other operational matters are further specified in the relevant FAQ sections, on the Website and within the MyFintokei Client Zone, as updated from time to time. The FPP, Addendum no. 2 and the General Terms and Conditions ultimately take precedence.
